

3-ZONE CERAMIC HOB

SMART COOKING, TOTAL CONTROL

The 3-zone ceramic hob of 59 x 52 x 5.2 cm is ideal for preparing meals for one or more people without worrying about burner availability or power.

TOUCH CONTROL

Manage the hob easily with just one finger. Simply slide your finger to activate all functions, from programs to the timer.

INDIVIDUAL TIMER

Set a different cooking time for each zone. Forget about calculating how long each burner has been on and avoid overcooking.

AUTO SHUT-OFF

If no use is detected, the hob will automatically switch off after a while. No more worries about leaving it on.

HEAT INDICATOR

A light indicator warns you when the cooking zones are still hot. Know when the hob is hot or cold to place items safely and avoid burns.

Power
2000/1500 W
2700 W

9 POWER LEVELS

Adjust the power precisely to suit your needs at any time. Cook any food to perfection with the right power and time.

TRIPLE RING

Cook with any type of pan or pot up to 295 mm in diameter. Perfect for large pots or paella pans when cooking for the whole family.

KIDLOCK

Child safety lock. It locks all buttons to prevent children from accidentally controlling the hob.

3 COOKING ZONES

Versatile layout to cook multiple dishes at the same time with total efficiency.

HIGH POWER

Power of 2000/1500 W and 2700 W for fast and efficient cooking.

SAFE AND RELIABLE

Advanced safety systems designed to give you peace of mind every day.

COMPOSITION

Ceramic hob

User manual

Power, precision and safety in your kitchen.
Everything you need to cook easily, quickly and safely.

DISHWASHER

LARGE CAPACITY, MAXIMUM PERFORMANCE

Designed to make your daily life easier, this dishwasher combines capacity, efficiency and advanced technology for impeccable results in every wash.

14 PLACE SETTINGS

Large capacity for up to 14 place settings, so you can wash everything you need, whatever the occasion: daily use, celebrations, etc.

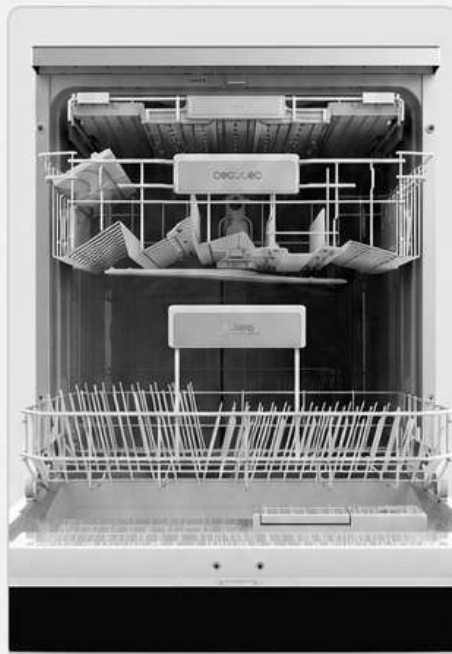

6 PROGRAMS

Choose the program that best suits your needs depending on what you need to wash: pots, everyday dishes, delicate glassware, etc., adjusting time and temperature.

CLASS D

Optimal electricity consumption in every wash.

HALF LOAD

The option to run the dishwasher without a full load while using the same amount of resources.

DELAY START

Schedule your dishwasher to start between 0 and 24 hours in advance with delayed start.

DRY+

Extends the drying process by 10 to 15 minutes to improve performance.

TOUCH PANEL

Very intuitive and easy-to-use touch control panel.

DUAL ZONE WASH

Adapts a different water pressure in each rack. Forget about separating dishes into different cycles: wash resistant pots, delicate glasses, very dirty or less dirty items all at once.

TURBO DRY+

Thanks to this function, all hot airflow is eliminated and all humidity is removed before it cools down, preventing new droplets on clean dishes.

CUTLERY TRAY

Upper tray dedicated to cutlery, ensuring cleaner utensils and freeing up space in the lower racks.

COMPOSITION

Dishwasher

Drain hose

Instruction manual

Advanced functions and smart design for efficient cleaning, saving time, water and energy while taking care of your dishes.

MICROWAVE OVEN

Practical, efficient and easy to clean

White microwave with Ready2Clean coating for easier cleaning. 3DWave technology for more efficient cooking. Elegant design with FullCrystal door and metallic details.

20 L CAPACITY

Ideal capacity for daily use, perfect for any kitchen.

READY2CLEAN COATING

Interior with a special coating that repels dirt for easier cleaning.

3DWAVE TECHNOLOGY

More efficient wave system that envelops food 100 % for perfect cooking.

COMPOSITION

Built-in oven

User manual

ENERGY CLASS A

High efficiency and low energy consumption.

2800 W POWER

High performance for all your recipes.

VERSATILITY, EFFICIENCY AND SAFETY FOR YOUR KITCHEN

Cook more, better and with total peace of mind.

REFRIGERATOR

WITH TOTAL NO FROST AND MULTI AIRFLOW

This refrigerator is designed to provide even and durable food preservation thanks to its advanced air circulation systems. It combines energy efficiency, ease of use and practical solutions for everyday life.

TECHNOLOGY & PRESERVATION

Multi Airflow

Uniform distribution of cold air to maintain an optimal temperature throughout the compartment and extend the freshness of food.

Total No Frost

Prevents ice and frost build-up, improving preservation and reducing maintenance.

Energy Class E

Balance between performance and consumption.

INTERIOR ORGANIZATION

Humidity Box

Adjustable humidity drawer ideal for fruits and vegetables.

Crisper Box

Specific compartment for meat and fish.

LED interior lighting

Greater visibility with lower energy consumption.

COMFORT & SAFETY

Reversible door

Easily adapts to any space in your kitchen.

Door alarm

Alerts you when the refrigerator is left open and temperature is lost.

Temperature control

Easily adjust the cold level according to your needs.

COMPOSITION

- Type: Refrigerator
- Installation: Freestanding

WASHING MACHINE

POWERFUL, EFFICIENT AND DESIGNED FOR YOUR HOME

Large capacity, advanced technology and smart functions that take care of your clothes and make your day easier.

9 KG CAPACITY

Ideal capacity for the whole family's laundry.

ADJUSTABLE SPIN SPEED

Adjust the spin speed up to 1400 rpm to suit your fabrics and needs.

16 PROGRAMS

Choose the program that best suits your needs from a wide range of options.

ENERGY CLASS A

Maximum energy efficiency for great savings on every wash.

85 CM

60 CM

56 CM

INVERTER PLUS MOTOR

Ensures efficient performance wash after wash, saving more than 70 % of electricity compared to a universal motor. It also reduces noise, especially during spinning and washing cycles.

*70 % reduction in electricity consumption based on the comparison of energy labels between Bolero DressCode models with Inverter Motor and those without.

STEAMMAX

Wraps your laundry in steam to effectively penetrate each garment, sterilize it and remove any stains and odours.

ALLERGY CARE

Selectable program that sterilizes clothes using steam and high temperatures.

DIAMOND CARE DRUM

Diamond-shaped drum that gently cares for your clothes in every wash.

DRUM CLEAN

The drum cleans itself to prevent the build-up of bacteria. Dirt and odour free.

STOP&GO FUNCTION

Pause the washing machine during the cycle to add or remove items. If you've forgotten something, you can stop the machine and open the door at any time.

ECO MODE

Program that reduces consumption and noise by using a gentler washing power.

DELAY START

Schedule your wash with DelayStart and set the start time from 0 to 24 hours in advance.

KID LOCK

Child safety lock that prevents children from controlling the washing machine and avoids accidents at home.

EFFICIENT EVERY WASH

Advanced technology designed to deliver excellent results with lower energy, water and time consumption.

QUIET OPERATION

Inverter Motor technology reduces noise, especially during spinning and washing cycles.

MODERN AND ELEGANT DESIGN

Sleek design with a digital display and intuitive control dial for easy and stylish use.

16 PROGRAMS FOR ALL YOUR NEEDS

COTTON

For durable cottons.

ECO 40-60

Maximum efficiency with lower energy consumption.
