Villajoyosa, the place to Discover

True to its name, Villajoyosa is a **Mediterranean jewel that still retains its authenticity**. With its iconic colourful houses and beaches bathed by crystal-clear waters, this town is a unique spot that combines tradition and natural beauty.

Although its charm is beginning to attract attention and it has been designated by European Best Destinations as **“Europe’s Best Secret Destination 2024”**, this is still a quiet municipality, where time seems to stand still.

Its genuine essence, its rich history and its Mediterranean lifestyle make Villajoyosa a place that deserves time to explore calmly, and Alonis Living offers you the opportunity to **discover why it will soon be one of the most desirable destinations in Europe**.

Playa del Torres

More than 500 metres long, with few visitors and its warm and clean waters make this corner of Villajoyosa a true paradise on earth.

Also, next to the beach you can enjoy a large, forested area with eucalyptus and pine trees that offer shade and freshness, while just behind is the [Torre de Hércules](#), one of the most attractive historical monuments in the town.

A few minutes from the most attractive places in Villajoyosa, such as its marina or its iconic Casas de Colores (Houses of Colour), is [Playa del Torres](#), a beautiful cove that you can reach in less than five minutes from your new home at Alonis Living.

The place to Taste

The Costa Blanca is a feast for the senses, a place where every dish carries the essence of the Mediterranean.

Here rice **is the real star**, from paella to arroz a banda, although **the freshness of the sea is also savoured in freshly caught fish and seafood**.

Alicante's cuisine has no shortage of vegetables, citrus fruits and aromatic herbs that enhance each bite, as well as **traditional sweets** such as Jijona nougat or almond ice cream, which accompany each meal.

The place to Enjoy

For nature lovers, Villajoyosa offers activities such as **diving and paddle surfing**, as well as **hiking and cycling** trails that connect you with more rugged landscapes.

And if you are looking for cultural activities, events such as **the Moros y Cristianos celebrations** (declared of International Tourist Interest), add a different touch to this charming coastal destination.

But the reality is that Villajoyosa does not need “exceptional” activities: just let yourself be enveloped by the warmth of its seaside bars or walk through its picturesque streets to enjoy a unique moment.

The place to Sail
